

10 April 2009

Anti-Corruption Council
Republic of Serbia
Belgrade

PRESIDENCY OF THE REPUBLIC OF SERBIA
Mr. Boris Tadić
President of the Republic of Serbia

B E L G R A D E

Dear Mr. President,

In appreciation of the interest you expressed at our meeting concerning the *Report of the Anti-Corruption Council on the Concentration of Ownership in the Port of Belgrade corporation*, which was also attended by the future mayor of Belgrade, Mr. Dragan Đilas, the Council requests that you use your authority to prevent the fulfillment of the impending agreement concerning the subdivision and rezoning of the port land in question, an agreement that would result in great financial loss to both the citizens of Belgrade and the state.

The new owners of the Port of Belgrade corporation (*a.d. Luke "Beograd"*), through the purchase of the shares of that corporation, now own the buildings on that location and have usage rights to the land on which the buildings are located and which is essential to their functioning in their present form. The ownership of the land itself was not transferred as a result of the share purchase as land remains the property of the state and as such cannot be the subject of commercial transactions.

We are attaching documents that attest to ongoing preparations for the execution of an agreement pertaining to the subdivision of the land and the moving of the port facilities to a new location. The Anti-Corruption Council is ready to provide you with such supplementary information as you may require.

Respectfully yours,

P R E S I D E N T

Verica Barać

Enclosed:

1. Memorandum of understanding dated 19 March 2009 between the parties *a.d. Luke "Beograd"* and the City of Belgrade (Civic Administration reference number 353-754/09)

2. Agreement between the City of Belgrade and the Port of Belgrade corporation on mutual obligations (*Sporazum o uređenju međusobni odnosa*)
